

**2025**  
*Annual Conference  
Sponsorship Guide*

**The Broadview Hotel**

Wichita, KS

September 10-11, 2025

The Charter of the Kansas Chapter of the American Institute of Architects was granted on April 2, 1921. The Chapter has also been known as the Kansas Society of Architects. Throughout our history, AIA Kansas continues to provide our members with three basic benefits:

**Education:** Hosting seminars, conferences, and workshops to educate our members of an evolving profession

**Advocacy:** Providing the profession a voice before legislators and regulators, city and county councils, and within allied organizations

**Communication:** Promoting the profession and working within our communities to make them better by design

**Our Mission:** The American Institute of Architects in Kansas is the voice of the architectural profession and a resource for its members in service to society.

**Our Vision:** Driving positive change through the power of design.

Our approximately 650 architect members design and manage projects, select products, contract vendors and guide clients in a variety of industries including commercial, healthcare, residential, hospitality, education and more.

Accelerate your business goals, cultivate strategic relationships, increase brand visibility and position your company as an industry leader committed to partnering with architects to create places where we all can thrive through purchasing one of the many 2024 conference sponsorship opportunities.

Sponsorship of AIA Kansas is your opportunity to gain exposure to our members, position your company as a thought leader and trusted source among the design community, to tap into commercial potential and to strategically build relationships in an increasingly competitive business environment.

# 2025 Sponsorship Opportunities
